Dear Ortrun,

Hans indicated that doing the second larynx examination on day 7 instead on day 8 is not good because larynx examination needs to cover the whole period of smoking.

Regards,  
Jan

**Subject:** Clinical Calendar

Dear Jan,

This is how we foresee the Clinical schedule for your study:

Admit cohort (a) - September 5th, 2002  
Discharge cohort (a) - September 16th, 2002

Admit cohort (b) - September 17th, 2002  
Discharge cohort (b) - September 28th, 2002

The ENT physician would be on the unit for the exams on: September 7th, 15th, 19th, 26th (instead of 27th). Dr. Mumtaz (ENT physician) will be out of town on the weekend of the 27th, which is why we would need to do the second "Day 8" on "Day 7" instead. Will you please check and let me know if this is okay with Philip Morris?

Thank you,

Ortrun
